The Michigan Chapter of the American College of Physicians, in a combined effort with St. Joseph Mercy Oakland invites you to its annual Associates' meeting

This annual meeting allows internal medicine residents and fellows to present scholarly work in both oral and poster presentation format. There will also be the preliminary competition for Doctors' Dilemma, as well as a keynote speaker. It provides an opportunity for communication between different residency programs and a chance for medical students and Associates to interact with ACP members. Pharmaceutical and other industry exhibits will also be available.

All ACP members are urged to attend and show support for the Associates. In addition, formal awards will be awarded to winning presentations in all categories.

So don't delay! Mark your calendar and send in your registration form today. We are sure you'll agree that this meeting with our chapter colleagues is a stimulating and informative passport to the future of internal medicine.
